CALL FOR PAPERS

International Conference on Nanotechnology based Innovative Applications for the Environment

Rome, Italy, 20-23 March, 2016

IN COLLABORATION WITH

www.aidic.it/nine

ABOUT THE CONFERENCE

The conference aims at presenting recent scientific and technical advances in the field of the application of nanotechnologies to environmental protection, including characterization, monitoring, remediation of contaminated sites, and treatment of water, wastewater and residues.

The Conference, that will be held in Rome, Italy, on 20-23 March 2016, is organized by the Italian Association of Chemical Engineering (AIDIC) in collaboration with the Department of Chemical Materials Environmental Engineering (DICMA) of "Sapienza", University of Rome.

NINE welcomes the contribution of researchers and engineers from universities and institutions as well as stakeholders from industry, to present recent advances and new approaches on the application of nanotechnologies for the environment.

KEY DATES

30 June 2015 - Abstract submission **15 July 2015** - Abstract acceptance notice

30 October 2015 - Full paper submission

20 December 2015 - Full paper acceptance notice

20 January 2016- Registration deadline for authors to have the paper included into CET Volume and DOI publication

ABSTRACTS SUBMISSION

The official language of the Conference is English.

Authors wishing to present a contribution are asked to prepare maximum one page abstract to be submitted ONLY by webpage to the Conference Secretariat http://www.aidic.it/nine

The deadline is 30 June 2015

The abstract must indicate the complete addresses and e-mail of each author. Authors are also required to indicate the topic to which the abstract belongs.

TOPICS

The Conference will include the following topics:

- 1. Nanosensors and bionanosensors for environmental characterization and monitoring
- 2. Technologies for the production of Nanomaterials for the environment
- 3. Nanostructured materials for advanced remediation processes
- 4. Nano-based water and wastewater treatment processes
- 5. Membrane processes for the environment
- 6. Health and safety issues concerning Nanomaterials
- 7. Education on Environmental Engineering and Nanotechnology

PUBLICATION

The full set of accepted papers (in the form of short papers of maximum 6 pages) will be published in a Volume of Chemical Engineering Transactions. The quality of this publication is valued by ISBN & ISSN numbers, reference by SCOPUS and THOMSON REUTERS (ISI Web of Knowledge, conference proceedings) citation indexes.

In addition each paper will be available online thanks to the DOI identification. Each paper in the Volume is covered by a copyright assigned to AIDIC Servizi S.r.l.

Each paper will be evaluated for acceptance by at least two Peer Reviewers.

VENUE

NINE International Conference will be held at

Radisson Blu Hotel Via Turati 17 00187 Rome - Italy

The Radisson Blu Hotel is located just opposite the railway station of Rome Termini.

The AirTermini entrance of the station, from which the trains to Fiumicino Airport leave, is just 100 meters far.

The property is a 5-minute walk from Vittorio Emanuele Metro Station, only 4 stops from the Spanish Steps.

This hotel sits among some of the world's most famous landmarks and ruins, and provides guests proximity to transport and attractions. On-site opportunities for relaxation abound with the soothing spa, the rooftop pools and the well-equipped fitness center.

Adjacent to the hotel there's a pay parking lot with over 600 parking spaces.
